Church Development Project Prayer List August 2009

1. That by God's grace we commit the church development project to the advancing of the Kingdom of God and to God's glory and honour.
2. That we renew our commitment to our Vision of being a Christ-centred, Gospel-oriented, disciple-making, praying and caring church.
3. That we can facilitate the whole Church to pray for this matter.
4. That all the Cantonese, Mandarin and English congregations are united to work together to support planning works for the church development project.
5. That planning for the new church will result in better use of God-given talents and resources across all three congregations.
6. That the new church will facilitate our reaching out to the non-believers, strengthen fellowship among brothers and sisters, and will glorify God.
7. That God will provide gifts, talents and other resources to realize the church development project.
8. That God will guide us in relation to the establishment of the tax deductible education facility building fund and to give us wisdom to know when is the best time to establish this fund.
9. That we have wisdom when dealing with developers and landlords.
10. That God will provide funding.

11. That we have wisdom during our negotiation with the Council. That the Walkathon on Monday 5 October 2009 will go ahead smoothly - pray for the unity of the church, the organising committee, the transport logistics, the weather, and the safety.
